

Mill Bay Nature School

deep roots

newsletter

We respectfully acknowledge that we are learning on the tradition, ancestral & unceded territory of the Malahat, Lake Cowichan, Quw'utsun, Halalf, Penelakut, Stz'uminus, & Lyackson People

OCTOBER 2018

Field Studies

We are excited to say that we have decided to experience life in the 'field' - on Wednesdays in October.

Parents are most welcome to join us and help lead a learning centre (organized by Karin Farquar).

Tomorrow we will be walking to Mill Bay Nature Park. The other times we will be busing.

- Oct. 17 - Bright Angel Park
- Oct. 24 - Kinsol Trestle
- Oct. 31 - Goldstream Park

Tent or Treat Eve

More details to follow ... tents in Mill Bay's field & children dressed up moving from tent to tent ... thanks to the PAC (Eagle Clan) for this amazing idea.

Learning

Maps

If you have not yet handed in your child's Learning Map, please do so by Friday. We will be posting these to Fresh Grade and using them to guide our practice

Friday CLUBS

creative curricular learning under blue skies

12:40-1:30

Many thanks to all the mentor/leaders who have helped to make this happen! We are making adjustments as we tinker with the structure ... so mentors, pay attention to your email for more details.

Mill Bay Nature School is not nut-free - however out of respect and care for students allergic to peanuts, please do not send peanut butter to school. Many thanks!

Literacy & Numeracy Assessments

As designing continues - *emerging & re-emerging plans & energy & relationships & capacities & challenges* - we are taking our ClanTime this week to informally & intentionally assess where the children are at on their literacy & numeracy journeys. In this way we can help guide next steps ...

P.S. THIS IS HARD WORK AND SOME OF US ARE VERY TIRED!
