

mindful teaching & learning rooted in the warm land of the Cowichan Valley

Mill Bay Nature School deep roots Invitation

We acknowledge that for thousands of years the Malahat, Lake Cowichan, Quw'utsun, Halalt, Penelakut, Siz'uminus, & Lyackson Peoples have walked gently on the unceded territories where we now live, work, learn, and play. We seek a new relationship with the first peoples here, one based in honour and respect, and we thank them for their hospitality.

December 2018

In the summer, as we prepared to birth the school, Tousilum encouraged us to dedicate ourselves to creating community - to welcome families, children, staff, the community - learning to walk together as we co-create a rich, transformative ecology of learning and growth for all people.

And we have been working on these things in a good way -

Being ourselves
Making mistakes
Understanding each other
Problem solving
Building Community

This is not easy work. It is full of challenges, as well as many things to be grateful for.

As we look ahead - at what we have learned and what we have yet to figure out - we invite you to an evening of reflection ...
